Helping Your Student Find the Right Fit A Parent Checklist

- ☐ Encourage your student to explore different types of colleges (D1, D2, D3, NAIA, JUCO)
- ☐ Ask them what they want in a school: size, location, campus vibe
- ☐ Talk about academic interests and available majors
- ☐ Discuss how far from home they're comfortable going
- ☐ Review team rosters and playing time opportunities at each school
- ☐ Help them think beyond athletics, what happens if they stop playing?
- ☐ Research each school's support for athletes (mental health, academic help, internships)
- ☐ Visit campuses if possible, in person or virtually
- ☐ Create a short list of schools that check both athletic and academic boxes
- ☐ Remind them: the best fit is the one where they'll grow as a person, not just a player
